

## GUIDE ON HOW TO DOWNLOAD YOUR ELECTRONIC BOOK

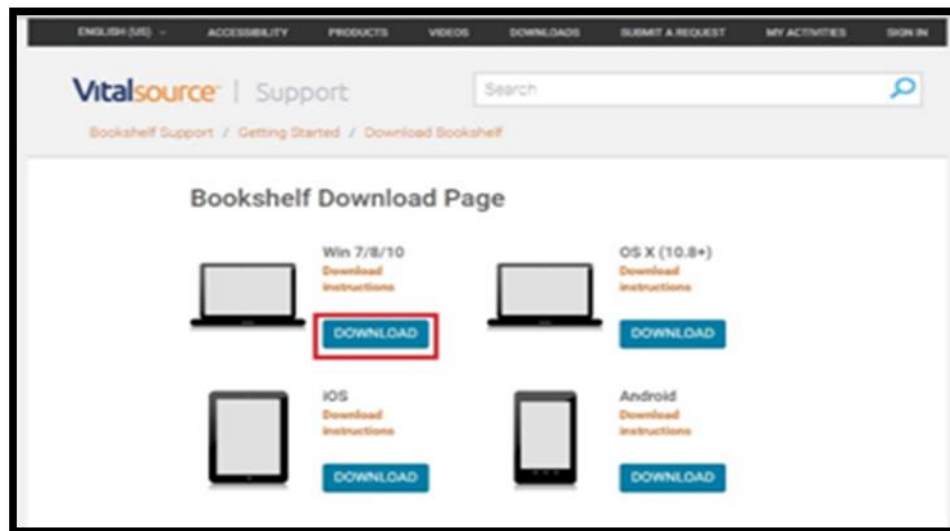

1. LOGIN with your username & password to BINUSMAYA website (<https://newbinusmaya.binus.ac.id/>.)
2. On the **DASHBOARD MENU**, Click the **Red E Textbook Icon** shown beside the course code that is included in the Textbook package.

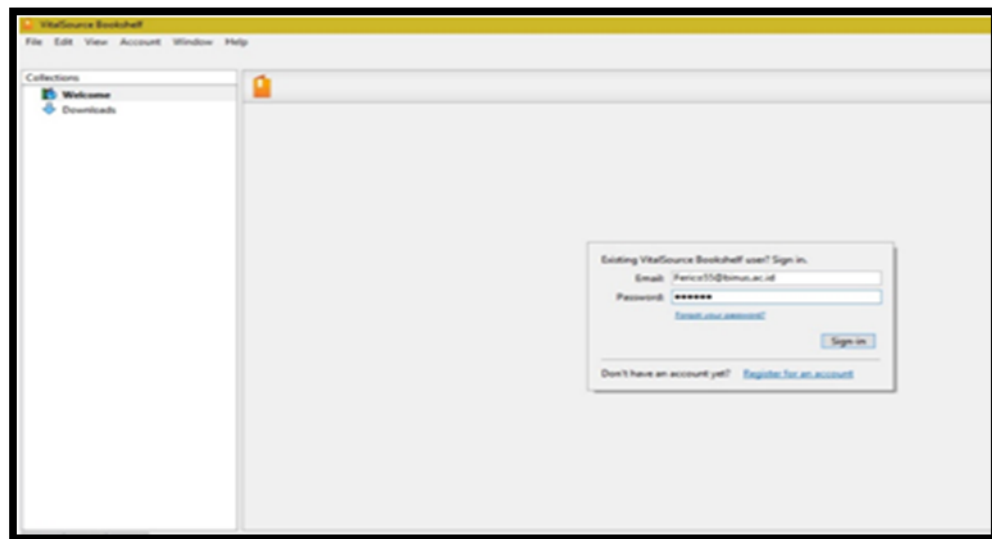

3. Please ensure that you have the vital source application in your devices in order to read the **Ebooks in online and offline version**. To download the vital source application just click the **DOWNLOAD APPS BUTTON** that can be found in the upper left menu of your dashboard. In case you have previously installed the Vital Source Application just click the **LAUNCH APPS button**.

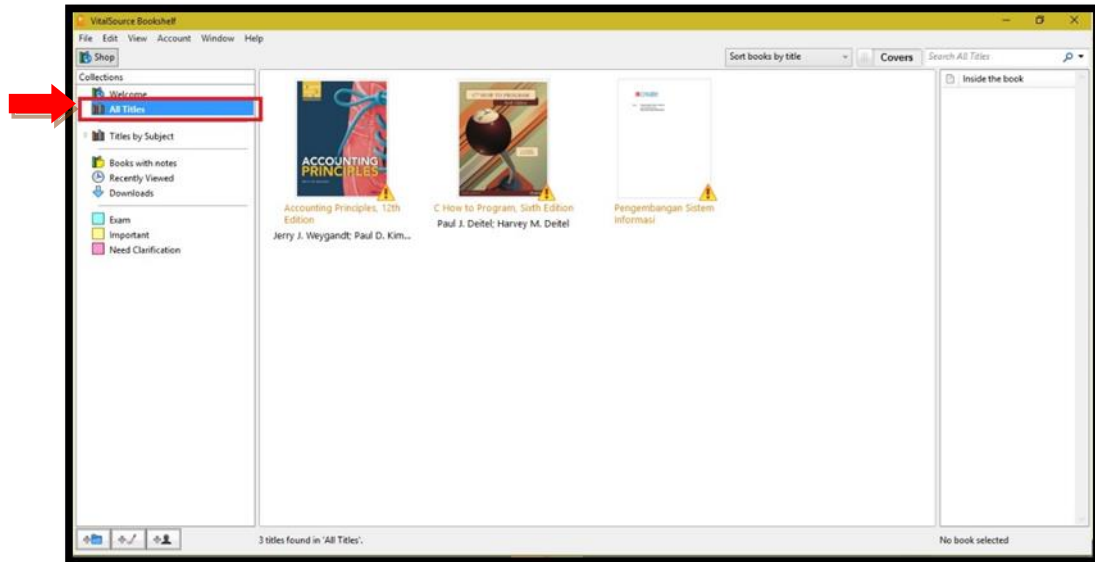

After clicking the **DOWNLOAD APPS Button**, you will be directed to the Vital Source Webpage. Download Options are provided for you to select base on the operating system of your device.

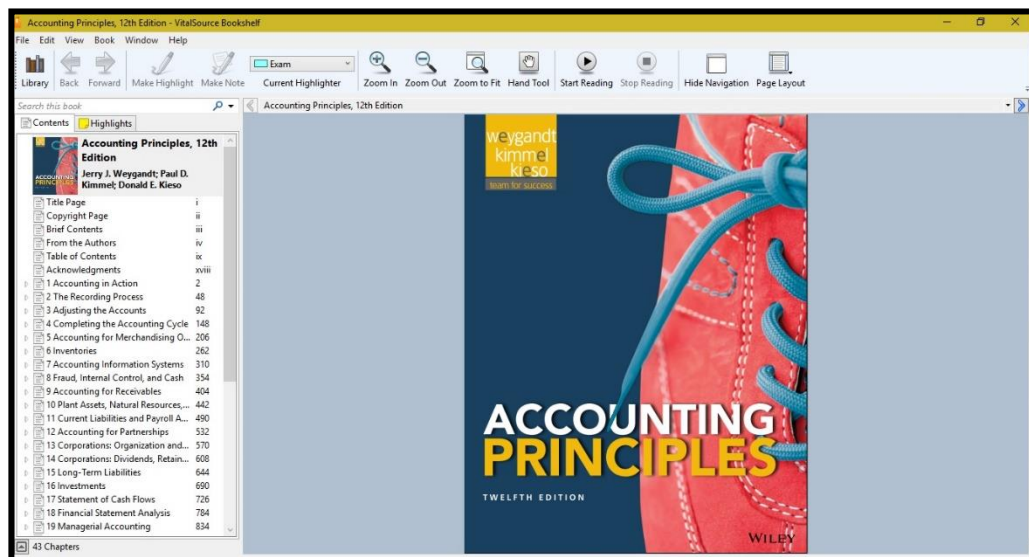

4. After successfully downloading the application, open the Vital Source application and register your credentials using your **BINUSMAYA 5 email address and password**.

5. After SIGN IN, you will be directed to the Vital Source bookshelf. Click **ALL TITLES** button in the Upper left side of the menu to see your E-Textbook collections. Click on the image shown to download the whole content of the book.

6. After download is complete, you may now browse the content of the book.

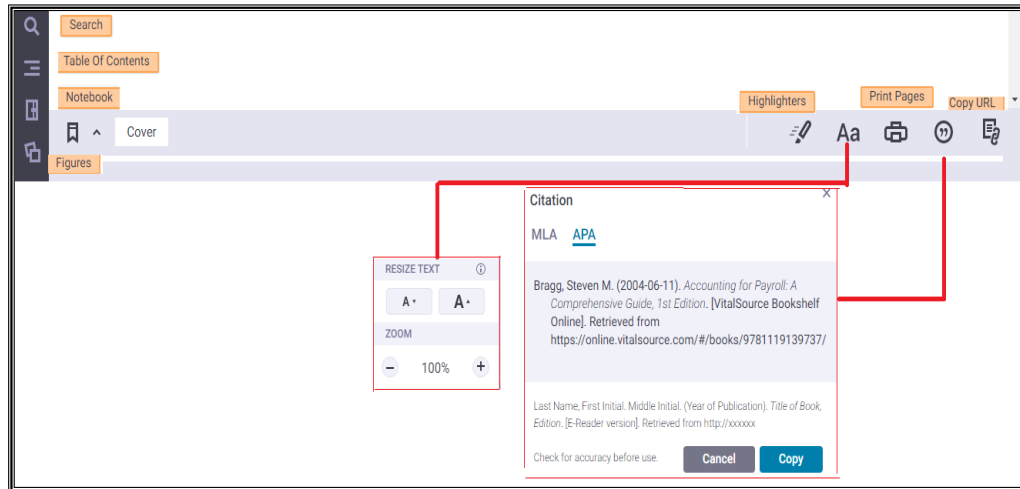

**Note:** It is recommended that you download immediately the textbook on your device. Online viewing of your electronic textbooks is only available for a period of one (1) year upon redemption.
