Reference

Hasil kerja kelompok kami banyak mengambil referensi dari game MOBA Mobile Legends dan Arena of Valor. Kami mengambil banyak referensi dari game tersebut karena anggota-anggota kelompok kami mengenal dan pernah memainkan salah satu dari kedua game tersebut. Kedua game tersebut juga merupakan game MOBA terkenal, sehingga kami merasa bahwa UI yang dipakai tentunya telah diasah dan terbukti mudah digunakan pengguna.

Selain mengambil referensi dari game lain, kami juga mendesain UI kami menurut pendapat kami sebagai pengguna. Misalnya tombol “Start” yang kami tempatkan di pojok kanan bawah agar mudah dan cepat untuk ditekan.
